

Brockton Notes.

By R. P. Weaver
All communications intended for this department should be addressed to R. P. Weaver, New Brockton, Ala.)

Brockton has been in the dark—her citizens have when they would go upon the streets on a moonless night, but the good rulers of the town are going to put an end to darkness and light will come.

On the west side of the railroad a building will be erected on the town's property and a 100-light incandescent plant will be erected. This will light the streets and school building and furnish light for stores and houses.

The contract for furnishing the plant has been made with Mr. I. E. Law of Elba.

Heretofore the accommodating cashier of the bank, Mr. Whitaker, has stayed at his place of business till away past four for the accommodation of late customers, but his hours are now from 10 to 4 for there is a new board at his house, hence the cashier's evening home.

Misses Lude and Ada Prigden from Enterprise visited Miss Kate Brock last week.

Mr. McDaniel made a business trip to his former Pike County home last week.

These Brunson who has been out with a severe case of appendicitis back at his photo gallery. Mr. and Mrs. Joe Russell have moved to Enterprise. We regret to give up these good people but commend them to the good people of Enterprise.

Mr. Baggett from east of town has moved to the Dawkins' place. Mr. Dawkins has built a new house.

Miss Sue Mizell of Enterprise has been here Saturday with Misses Kelly from Tuskegee, were visitors here Saturday with Misses Boone Warren of Clintonville.

If we are to believe all the wonderful things Grandma Advertiser told about O'Neal and his inauguration Tuesday, we may expect some wonderful development on the next few months. Listen! O'Neal is in every way the opposite of Comer, Comer believes in prohibition, Railroad regulation and stronger support of the schools, O'Neal does not believe in these things.

Trust O'Neal will make us a good governor and that every act of his administration will be "conservative safe and sane" to "balance with every act of the Comer administration which was "radical, unsafe and insane."

I trust also the question of the separation of church and state which was settled when the U. S. government came into existence will be brought out and settled to the satisfaction of the present Legislature.

I respectfully submit the following definitions:

Conservative—When you agree with me.

Insanity—When you differ with me.

Local Option—The right to sell whiskey in Mobile, Montgomery and Birmingham.

The following officers were recently installed at a public W. O. W. meeting of the lodge here:

J. J. Rivenbark, Council, Commander.

C. E. Bell, Banker.

O. C. Pencock, Adviser Lieutenant.

L. F. Helms, Escort.

N. J. Helms, Watchman.

W. S. Roberts, Sentry.

J. L. Brock, Dorcas Fuller, A. J. Helms, managers.

R. Schaffer, Clerk.

Mrs. Marley and Mrs. Etta Brock went down to Enterprise Thursday.

Mr. Charlie Metcalf was here yesterday with a gasoline engine which he hitched to the town pump and ran for two hours just to show the city father how they could install a water works plant at a very little cost.

On last Thursday there was a meeting of the bank directors

for the purpose of electing officers.

The old officers W. W. Whitaker, cashier, H. E. Brock, Pres. and L. A. Boyd, Sec. Pro. were elected. They found the affairs of the bank in fine shape. The year just closed was the best in the history of the bank.

A committee of ladies will serve supper at the residence of Dr. Rivenbark on Friday night Jan. 27, for the purpose of making up money to finish paying for the seats in the Baptist Church. Every one cordially invited.

What has become our poetic correspondent over at Farmers Academy? Still taking Christmas?

The writer was down at Bethany community Sunday and saw the new school building and church building those enterprising people have erected this winter. They have gone in together hauled the logs and had the lumber sawed and put up the building themselves—a good way to make a loyal and enthusiastic community.

Prof. Fuller has a good school there and is getting things in nice shape around the building.

On February 2nd 1900 a prominent citizen in town of—phoned to the county seat and offered to pay his poll tax and any fee if it gave him the right to vote, but the judge said it was too late.

Mr. Citizen why don't you get that \$1.50 take it over to the bank and get a ticket certifying you are a free and independent man one year longer, a member of the family of "Dear people" and prepared to vote on any safe and sane legislation that come up? Pay your poll tax and thus establish the fact that you are worth not less than \$1.50.

W. W. Whitaker will give you a receipt at the Brockton bank. Up men, if you be men, and pay that tax on your head.

When You See The Ball.

On the bottle you have our guarantee that you are getting the best good and cold remedy. Dr. Bell's Pine-Tar-Honey has millions of satisfied users. At all dealers.

The Two Big Stores and Sales Stables of

Clark & Patrick

are full of the most desirable of offerings, to a discriminating trading public. Our stocks are large and well selected; they are fresh and clean; especially do we call attention to our line of hardware, which is a fine and complete stock of the very latest things in hardware. This is the season when tools are needed, and we offer you the World's best —"DIAMOND EDGE." None are so reliable.

KANT-BE-BEAT CLOTHING is in a class to itself; it is low enough in price to appeal to your pocket-book, while it is high enough in quality to be what you want to buy, and every garment will please as time rolls on; the style is up-to-date.

IN SHOES we handle exclusively, the famous "Peters Diamond Brand" for Men, Women and Children. Our leaders are CORKER shoes for boys, the sort that stands the wear. CHAMPION for men, RINGER for children, and DIAMOND SPECIAL for ladies; they are all honestly made, of good leather, and they are just what we say they are when you buy them.

OUR SALE STABLE carries a nice line of FLORENCE WAGONS, the steady dependable sort, made like the old time wagons, to last and run easy, and the celebrated CARMICHAEL Buggies, made of second growth hickory. We can serve you well on a buy or trade.

We want to please you, and we will do it if you want good values, close prices and fair treatment. Come to see us.

We buy cotton and sell fertilizers.

CLARK & PATRICK,

West Side Square, Elba, Alabama.

EXPERT HORSE DOCTOR

Is Coming to

ELBA, January 26 to 27,

BRANTLEY, Jan. 27 to 28,

Dr. T. A. KOFF, Veterinary Surgeon & Dentist

Graduate from Chicago and Kansas City Veterinary Colleges, with eight years' experience, will give his best attention to all sick and lame Horses, Mules, Cows, Hogs and Dogs. Specialist on Fistula, Swinney, Ring Bone, Side Bone, Spavin, Big Head, Big Shoulder, Diseases of Eyes, Removing Tumors and Warts.

Those Horses and Mules walking on their toes I can put flat on their feet in less than half an hour. If not, I do not charge a cent.

If you have Colts that need to be castrated, bring them to me. When your horse or mule don't eat well, slobber, or eats on one side, or having rough hair, his teeth are painful, bring them to me.

Bring your sick and crippled Animals. Now is your chance to have them treated by a man that knows his business. I have my Diplomas to show that I am a graduate from two colleges and licenses to show where I have been practicing in Illinois and Missouri, as well as recommendations from leading stockmen and mine owners who have sick animals.

EXAMINATIONS FREE. Tell your friends and neighbors who have sick animals.

I will be found at the Livery Stable or Blacksmith Shop.

VOL. XIV.

ELBA, ALABAMA TUESDAY, JANUARY 24, 1911.

No 61

LEGISLATION.

The state legislature is still grinding away on the flood of bills that have been introduced, and more are coming in daily.

Liquor bills will probably have the centre of the stage this week. Many have been introduced and many more are under consideration.

No general law has been agreed upon. It is generally conceded that the present laws will be changed, and that at whiskey will be sold in some way in the state.

Dispensaries for the small town, where they are wanted, and open saloons for the cities appears to be the most popular idea.

The senate has voted to build a governor's mansion, and it is probable that the house will endorse the bill. It is conceded by all that a mansion is needed, and that \$50,000 is not too much for the state to put in one.

A bill to abolish the office of county treasurer for all counties has been introduced and referred to a committee. It is more than probable that it will never be heard of again.

It has also been proposed that the state pay civil engineers to help build public roads.

The bill to abolish the county court of this county has been introduced, and one to establish an inferior court will probably be passed should the county court be abolished.

Supt. of Education William Ham wants the legislature to pass the following for educational purposes. Read these over carefully and if you approve of them write your representative, if you do not approve tell your representative just what you think.

Here are the laws proposed:

First—Compulsory attendance law requiring children from 8 to 14 years of age to attend school during the term of public school which may be taught within two miles of their home. Children between 14 and 16 are also required to attend unless they have completed the common school course, or unless they are regular, or legally employed fully.

Second—Specifying fully the duties of the county superintendent of education and giving county boards of five members the authority to require the entire time of the county superintendent in supervising the schools.

The minimum salary in such case is \$1,200. It may be as much more as the board sees fit to authorize. Reasonable traveling expenses for the county superintendent are to be paid by the commissioners' court. If the county board of education does not see fit to require the county superintendent to devote his entire time supervising the schools the present status with respect to the county superintendent's office is not changed in such counties.

Third—Maintaining the present constitutional tax rate by the state for school purposes, a bill is prepared submitting to the people in November, 1911, an amendment authorizing a school tax by districts of any rate not more than five mills and of an additional levy by districts if they should see fit to make one.

Fourth—A commission, composed of three members of the house and two of the senate, in addition to the superintendent of education and three other educators, will be requested by joint resolution of the two houses for the purpose of revising and simplifying the present school laws of the state.

Program of Fifth Sunday Meeting.

To be held at New Haven Church, January 29th, 1911.

9:30, A. M. Devotional services by Rev. C. O. Helms.

9:45, A. M. Sunday School and Missions, a talk to the children, by Hon. J. M. Hickman.

10:15, A. M. Training young men for service, by Rev. J. D. Fuller.

10:45, A. M. Denominational alms, by Rev. D. P. Lee.

11:15, A. M. Sermon, by Rev. O. P. Bentley.

12:00, M. Dinner on grounds.

1:15, P. M. Devotional services, by Rev. R. J. Adamson.

1:30, P. M. The need of bible teachings, by J. A. Carnley.

2:00, P. M. Why am I a Baptist? by Rev. O. P. Bentley.

2:30, P. M. Sermon, by Rev. J. H. Gunter.

3:00, P. M. Business session, and adjournment.

Every Church within the Coffee County Association should be represented at this meeting. Every body is cordially invited to attend.

Respectfully Committee.

Save! Two Lives

"Neither my sister nor myself might be living to-day, if it had not been for Dr. Kings New Discovery," writes A. D. McDonald of Fayetteville, N. C. R. F. D. No. 8.

"For we both had frightful cough that no remedy could help. We were told my sister had consumption. She was very weak and had night sweats but your wonderful medicine completely cured us both. It's the best I ever used or heard of."

For sore lungs, cough, colds, hemorrhage, leprosy, asthma, hay fever, croup, whooping cough, all bronchial trouble, its supreme. Trial bottle free. 50c and \$1.00 Guaranteed by Harp Drug Co.

Senator Moody wants the prohibition laws amended so that each county can decide for itself whether or not to have dispensaries. This is the right idea, it is the true meaning of "local option." Let every county decide the matter by popular vote. It is the only fair way to decide this or any other measure that affects all the people.

Solve A Deep Mystery

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va. "For the wonderful double benefit I got from Electric Bitters in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c at Harp Drug Co.

The row that is now going on in the legislatures of Tennessee, New York and other states over the election of United States senators ought to be enough to convince any one that the proper way to elect all officers is by vote.

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at first sign of danger. It contains no opiates. City Drug Co.

Old Soldier Tortured.

"For years I suffered unspeakable torture from indigestion, constipation and liver trouble," wrote A. K. Smith, a war veteran at Erie, Pa., "but Dr. King's New Life Pills fixed me all right. They are simply great." Try them for any stomach, liver or kidney trouble. Only 25c at Harp Drug Co.

Champ Clark, of Missouri, has been named as speaker of the House of Representatives by the democratic congressmen at Washington. Representative Underwood, of Birmingham, was named as chairman of the ways and means committee. Next to the speaker this is recognized as the highest honor within the gift of the house.

POLL TAX--LAST CALL.

CIRCULAR LETTER TO TRUSTEES AND OTHERS.

If The Voters In Your District Want To Vote In The Special Elections This Year They'll Have To Pay Poll Tax Quick--The Time Is About Out.

Every trustee, and a hundred other school workers, were mailed circulars first week in January about poll tax. It has helped a little. But nearly everybody seems to think that there is yet time enough--everybody is putting off getting out after poll tax.

There is a possibility of getting three thousand dollars back poll tax paid in Office this year--there is more than that much due; figures on it a little for yourself and see how many men it will take who are from one to ten years behind. Will you get your share of it? You can do it; one day last week a trustee got out in his district and in one day collected \$156.90. If you put it up to them right it will come all right; try it.

In my former circular I said something about the probability of there being a number of elections before the people before they can pay poll tax again. Since then this has grown almost certain. It is practically certain that there will be election on road bonds, and there are now before the legislature several bills that will bring elections before the people this year also the local tax amendment. It is very probable that the whiskey question will be before the people, and the voters will have to say whether they want whiskey or no whiskey, barrooms or dispensary. Tell your people about it, and do it quick; remember Feb. 1st is the very last day.

C. H. Byrd, County Supt.

Weakley and Selheimer To Be Retained by O'Neal

MOONTGOMERY, Ala., Jan. 21, (Special.)—Judge Samuel D. Weakley and H. C. Selheimer, who were special counsel for the Comer administration in the railroad litigation, are to be retained by the present administration, according to all indications.

Today Judge Weakley and Mr. Selheimer came down to Montgomery and held a lengthy conference with Governor O'Neal relative to the rate cases. It is pointed out that no men in Alabama are better qualified to defend the state interests in the railroad cases. It is probable that the Western of Alabama cases will be taken before Special Master Thornton at Montgomery Tuesday. The Louisville and Nashville and the Central of Georgia cases are now completed, with the exception of arguments.

General A \$40,000 timber deal NEWS

was made at Moultrie, Ga., when J. M. Willis bought from W. S. Fender, of Valdosta, 7,000 acres of turpentine timber situated at Moultrie, and also bought of G. F. Clark a turpentine place at Mowen. This purchase included some of the best extensive and valuable timber tracts remaining in South Georgia. Norman Brothers, of Norman Park, and B. M. Williams, of Tifton, will be associated with Mr. Willis in the working up of the timber.

King Alfonso has renewed his confidence in the ministry and endorsed the program submitted by Premier Canalejas. The premier later reorganized the cabinet by appointing Senator Cassel minister of public works, Alfonso Cassel, minister of the interior, and Amos Salvador, minister of public instruction.

Thousands of Visitors Assembled at Montgomery to Take Part in Exercises--New Governor's Stand on Prohibition Question.

Emmett O'Neal, of Florence, Ala., Alabama's 34th Governor and ninth native son to hold that office, was sworn in at Montgomery on a public platform. He took the oath in the presence of the General Assembly, the Supreme Court Justices, state officials and an immense crowd of spectators. Twenty-five thousand visitors came to Montgomery to take part in the inaugural exercises. Every whistle and public bell in the city was sounded for six minutes in honor of the occasion.

Inaugural Parade.

The inaugural parade was pronounced the most elaborate in the state's history, being more than a mile long. Two thousand state troops, several marching clubs and hundreds of cadets were in line. There were more than 100 automobiles bearing the state's most distinguished figures.

After he was sworn in the Governor delivered his inaugural address.

Local Option Law.

In his inaugural address, Governor O'Neal pronounced Alabama's drastic prohibition laws an invasion of individual rights and constitutional guarantees and declared the attempt to insert a prohibition clause in the state constitution the offspring of intolerance and bigotry. He proclaimed prohibition a failure and recommended a general local option law. He advocated a divorce between liquor interests and politics, to be accomplished by the creation of an excise commission vested with the power to control the liquor traffic.

Conservative Policy.

He declared that virtue cannot be legislated into men's lives and that the solution of the problem is the proper regulation of the liquor traffic along the lines of prohibiting the sale of anything except the purest liquors. His address indicated a conservative policy.

Comer Introduced O'Neal.

On introducing his successor, Governor Comer said he relinquished the reins of office with the prayer that Mr. O'Neal will make the very best Governor Alabama has ever had.

At the time that Governor Comer introduced the incoming executive to the people, the capitol grounds were crowded as they had never before been occupied in history, and when he concluded his speech by presenting Mr. O'Neal to the people of the state, the cheers were deafening. Marching clubs from all parts of Alabama were present, while the military formed a cordon around the entire capitol grounds.

A Great Occasion.

It is conceded by those who have seen Alabama's Governors that Emmett O'Neal was inducted into office with greater acclaim than was any Governor in the history of the state.

Entered as second-class matter July 18, 1897.

Postoffice at Elba, Ala., under the act of March 3, 1879.

ELBA, ALA., JAN. 24, 1911.

President Barrett, of the Farmers' Union, is heading a delegation at Washington to work for an anti-option bill and the parcel post.

Representative Parks, of Covington, has introduced a bill in the state legislature to change the labor contract law so as to make it constitutional.

Secretary Wilson, of the department of agriculture at Washington, says Alabama is making more rapid progress along improved agricultural lines than any state in the Union. The farmers are learning fast to take advantage of all information furnished by both the state and national agricultural departments.

If the governor's salary is raised to \$7,500 and then \$8,500 is appropriated annually to provide for expenses of the proposed "Mansion" Alabama's governor will be one of the best paid chief executives in the Union. Very few states pay their governor as much as \$10,000.

The old idea that a man who works with his brain is superior to one who works with his hands, once so universal in the South, is rapidly passing away, and a happier day is dawning for the men who produce the wealth of this section. The belief that manual labor was degrading to white men, was a natural outcome of conditions in the South before the negroes were given their freedom, as before that time practically all labor was performed by slaves, and this of course made it degrading to free men. It has taken a long time to overcome this prejudice, and it is not yet entirely eradicated, but it is passing, and in a few years will have disappeared.

Sometimes Apply It Lightly. For cuts, burns, scalds, sores add open wounds, always apply Hanford's Balm lightly, but be sure that it covers and gets to the bottom of the wound. A few light applications are generally all that is needed to heal this class of difficulties.

The Salsma orange promises to be a good thing for this section and in fact for all the Gulf States. Some trees in Coffee county have borne full crops of good fruit this year, according to reports, and the same is said to be true all the other states bordering the gulf. The trees resist cold well, have passed through the winter without injury and the fruit is said to be of superior flavor. If all that is claimed for the Salsma orange is true there is no reason why large groves would not pay well in this county, and if they will we will surely have them.

The Georgia experimental farm is sending a train of six cars over that state to show farmers what can be done with improved agricultural methods and machinery. The cars are loaded with specimens of farm crops, pure bred hogs, cattle and chickens, and the best improved farm implements. A number of farm experts are with the train and lectures and demonstrations will be given in each county.

One of the greatest obstacles good road advocates have to encounter is the objection that people in the country have to automobiles. A large majority of automobile drivers seem to think they own the earth, and they pay no heed to the rights of others or to the laws of the state, hence the some of the people had rather put up with bad roads than with the automobiles that good roads may bring. All this could be easily remedied if the county officers will do their duty. The law says no automobile shall be run at a greater speed than eight miles an hour, this law is daily violated in all parts of the county, and has been violated in Elba scores of times, though we have never yet heard of a single case being made against the offenders. The matter of enforcing this law is largely in the hands of beat constables. Let them arrest every man who exceeds the speed limit, take him before a Justice of the Peace, and let the justice "soak 'em hard." If you cannot make the arrest get the number of the car and phone ahead of it and have the arrest made. It is the sworn duty of the officers to protect the people, and if they cannot or will not do it, then they should get out, or the people should put them out.

Policy Kidney Pills

Are tonic in action, quick in result. A special medicine for all kidney and bladder disorders. Mary C. Abbot, Wolfboro, N. H. says: "I was afflicted with a bad case of rheumatism, due to uric acid that my kidneys failed to clear out of my blood. I was so lame in my feet, joints and back that it was agony for me to step. I used Foley Kidney Pills for three days when I was able to get up and move about and the pains all gone. This great change in condition I owe to Foley Kidney Pills and recommend them to any one suffering as I have."

Pamala

for

MALARIA

The Curse of the Tropics.

Contains no quinine or any other harmful drug.

Unlike many other so-called malaria cures which at best are half-way measures, Pamala eradicates the malarial parasite from the blood.

"I had chills and fever for a long time. Nothing I tried did me any good. Finally I procured a small bottle of Pamala. Since taking it I have had no more chills and fever."

Sold by all Druggists.

\$1.00 bottles. Small size 50c.

Davis & Lawrence Co., Selling Agents, New York.

Mr. E. Lillian Wright, 39 Barrow St., New Orleans, writes March, 1909:

BRUSHES are required for the

good appearance of any one, and in many ways they are important for your health, being necessary for the care of the teeth, the skin, your clothes and your hair.

No one likes to use poor brushes.

They are annoying and do not give good service and are really expensive because they do not last

The brushes we sell are durable, from the inexpensive tooth brush to the imported military hairbrushes, and are made to suit your individual requirements.

Our first consideration in selling you a brush is to give you the most service for your money. This is more important to us than the profit we make and more important to you than the price you pay.

3 MEN KILLED IN SHIP EXPLOSION

Calvary Occurs On The Baltimore Ship Delaware.

ON GEORGIAN IS KILLED

While on Her Way From Guantanamo to Hampton Roads Boiler of the Delaware Explodes With Disasterous Results.

Eleven men met instant death and one man was so horribly burned that he probably will die as a result of a boiler explosion aboard the battleship Delaware, according to a wireless message from the navy department from Captain Cove.

The Delaware was on her way to Hampton Roads from Guantanamo, Cuba, and had been designated to transport the body of Sen. Cruz, late Cuban minister to the United States, back to Cuba, instead of the South Carolina, whose propellers met with a mishap.

Nine Victims on Duty. The nine victims were on duty in the boiler room when the accident occurred. A terrible shock sent the crew scattering below, and nine bodies were dragged from the cloud of hot steam that blazed through the hold. Captain Cove wired the navy department the names of the eight men who were killed, but the identity of the ninth victim, who was carried from the boiler room with traces of life in him, was designated as "unknown" in Captain Cove's message.

One of the victims was a Georgian, named Watts, of Fairmount, Ga.

MRS. SUTHERLIN DEAD.

"Last Capital of Confederacy" Lies in Her Arms.

Mrs. Jane Patrick Sutherland, aged 83, and widow of Major W. T. Sutherland, died at her historic home at Danville, Va., widely known as the last capital of the Confederacy.

Mrs. Sutherland was hostess to President Jefferson Davis and his cabinet, following their memorable flight after the evacuation of Richmond. It was at the Sutherland home that President Davis assembled his cabinet for the last official conference and signed the last documents of the Confederacy before the surrender of General Lee. It is probable that the Sutherland home and spacious lawn will be preserved.

Mrs. Sutherland leaves only one daughter.

DEMOCRATS MEET.

Take Part in Jackson Day Celebration at Baltimore.

Baltimore was the gathering place Tuesday of prominent Democrats from all sections of the country, invited to take part in the Jackson day celebration of the Democratic victories of 1910. Governor Harmon, of Ohio, led the van guard of incoming Democrats. He was met at the train by a distinguished committee and escorted to the Belvidere hotel.

The celebration included the afternoon meeting at the Lyric, with Governor Harmon, Champ Clark and Senator Bailey as the speakers, and the banquet at the Fifth Regiment armory. Those slated to speak at the banquet were:

Senator Shively, of Indiana; Representative A. Mitchell Palmer, of Pennsylvania; Theodore H. Bell, of California; Representative James M. Graham, of Illinois; Maj. James Thompson, of Richmond, former Senator J. C. S. Blackburn, of Kentucky, and "Private" John Allen, of Mississippi.

A STRANGE INCIDENT.

Through Protestant Clergyman Catholic Receives Absolution. A strange incident has occurred in a hospital at Johns Hopkins. An American was dying, and not being able to speak a word of Spanish, made signs that he wished to receive the last sacrament. Thinking he was a Protestant, the authorities had a nun, but the dying man told him that he was a Roman Catholic.

Since no Catholic priest could be found who understood English, the man made his confession and received absolution through the intermediary of the Protestant clergyman, who acted as an interpreter and took an oath to observe strict secrecy regarding what he had heard.

ment or American fortifications in the Pacific. He is going to make a careful study of the navy yard at Cavite in Manila harbor and the naval station at Olongapo, on Subic bay. Part of the general scheme of naval development in the Pacific is to create an American Gibraltar at Pearl harbor.

E. D. Roseman, a farmer about 65 years old, was shot to death and his son, Otto Roseman, aged 22, badly, if not fatally, wounded by Coy. Blackburn, a youth of 22 years, at Hartsville, S. C. Blackburn made his escape. The shooting occurred as the result of a quarrel over the ownership of a pistol. It is said.

A Washington dispatch says: The agricultural appropriation bill has been completed and it will be reported to the House immediately by the committee on agriculture. It carries \$15,500,000 in addition to the \$3,000,000 of permanent appropriations.

Charles A. Kline has been appointed assistant general passenger agent of the Southern Railway, with headquarters in Washington. Mr. Kline was formerly chief clerk of the passenger department and has been with the Southern about fifteen years.

Mrs. Schenk's Trial. Mrs. Laura Parnsworth Schenk, listed in court all last week, at Wheeling, W. Va., to testify brought out by District Attorney J. B. Hamilton, in prosecution of the charge that she administered poison to her wealthy husband, John O. Schenk. The accused stood the ordeal without being affected; except on one or two occasions, and still maintained confidence that her case will appear in a different light as the trial proceeds.

An effort will be made to discredit the testimony given by Miss Zochler, a detective nurse, who declared that Mrs. Schenk had offered her a bribe of \$1,000 to give Schenk a poisonous pill while ill at the hospital.

NEW YORK

Guaranteed under the Food and Drug Act.

Exact Copy of Wrapper.

STILL WE GROW WHY?

Because

This is a strong, careful, safe and successful institution. It is a growing, active, up-to-date bank in every particular.

Your account will be appreciated by the bank and your interest will always be carefully considered.

Our funds are guarded by a modern burglar proof safe in a fire proof vault.

Our officers are experienced bankers. Our directors are well known, well-to-do business men; they are directors who DIRECT.

If you are not a customer of this bank, let us make your invitation to become one.

First National Bank OF ELBA.

More guano is being hauled out of Elba than we have ever noted before. It seems evident that our farmers are going to farm more on the intensive system than they have been doing. And it is a good idea as is proven by farmers in some sections of South Carolina, who use from 1000 to 1200 pounds of guano per acre and make from 1 1/2 to 2 1/2 bales of cotton.

Have you a weak throat? If so you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another and the last is always the hardest to cure. If you will take Chamberlain's Cough Remedy, the outset you will be saved much trouble. Sold by All Druggists.

Something Just as Good. Can only be the case when it is another bottle of Dr. Bell's Pine-Tar-Honey. Every bottle the same. Look for the bell on the bottle.

What Can We Say. More than if you are not satisfied after using Sutherland's Eagle Eye Salve we will refund your money. 25c at all dealers.

THE ELBA CLIPPER.

TWICE-A-WEEK.

VOL. XIV. ELBA, ALABAMA FRIDAY, JANUARY 27, 1911.

He's A "Bird" After Poll Tax.

County Superintendent of Education, Byrd, has distributed something like ten thousand circular letters over Coffee County calling on the men to pay their poll tax, and quality themselves to vote this year at the same time they will help out the public school funds of the county. Mr. Byrd has done more than his share of work along this line and if any man in the county is unable to vote it will be his own fault, and not because he has not received ample notice. The poll tax books close February 1st, after that date no man can pay, and all those who fail to pay before that date cannot be allowed to vote.

It is not the duty of Supt. Byrd to collect poll tax, and the work he has done for this line has been done without compensation of any kind, except the satisfaction he gets from seeing the public schools become made longer and free to the children of this county.

Don't let the time slip by and find you among the "non-voting" population.

Millions of Bottles of Dr. Bell's Pine-Tar-Honey used annually is good evidence that it is a good remedy for Laryngitis, coughs, cold, and all throat and bronchial troubles. Look for the bell on the bottle. Sold every where.

Elba High School. Elba High School is making a remarkably fine showing under the able management of Prof. Simmons. In spite of the fact that the tuition charge is higher than it has been in many years, the attendance is larger than that at any previous session and fully as large as when the school was absolutely free. It is evident from this that the patrons of the school are pleased with the service they are receiving and are telling their friends about it. Quite a number of pupils from out of town are attending the school, and others are constantly coming in.

The busiest and mightiest little thing that ever was made is Chamberlain's Stomach and Liver Tablets. They do the work whenever you require their aid. These tablets change weakness into strength, listlessness into energy, gloominess into joyousness. Their action is so gentle one does not realize they have taken a purgative. Sold by All Druggists.

More guano is being hauled out of Elba than we have ever noted before. It seems evident that our farmers are going to farm more on the intensive system than they have been doing. And it is a good idea as is proven by farmers in some sections of South Carolina, who use from 1000 to 1200 pounds of guano per acre and make from 1 1/2 to 2 1/2 bales of cotton.

Have you a weak throat? If so you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another and the last is always the hardest to cure. If you will take Chamberlain's Cough Remedy, the outset you will be saved much trouble. Sold by All Druggists.

Something Just as Good. Can only be the case when it is another bottle of Dr. Bell's Pine-Tar-Honey. Every bottle the same. Look for the bell on the bottle.

What Can We Say. More than if you are not satisfied after using Sutherland's Eagle Eye Salve we will refund your money. 25c at all dealers.

Loss! Last week, one set single buggy harness. My wife got loose at Sparlin's warehouse and when found harness were gone. Any information will be appreciated. Waiter Maddox.

THE ELBA CLIPPER.

TWICE-A-WEEK.

VOL. XIV. ELBA, ALABAMA FRIDAY, JANUARY 27, 1911.

He's A "Bird" After Poll Tax.

County Superintendent of Education, Byrd, has distributed something like ten thousand circular letters over Coffee County calling on the men to pay their poll tax, and quality themselves to vote this year at the same time they will help out the public school funds of the county. Mr. Byrd has done more than his share of work along this line and if any man in the county is unable to vote it will be his own fault, and not because he has not received ample notice. The poll tax books close February 1st, after that date no man can pay, and all those who fail to pay before that date cannot be allowed to vote.

It is not the duty of Supt. Byrd to collect poll tax, and the work he has done for this line has been done without compensation of any kind, except the satisfaction he gets from seeing the public schools become made longer and free to the children of this county.

Don't let the time slip by and find you among the "non-voting" population.
